

Begin a career with a future

If you like the challenge and responsibility of protecting public health and the environment, a job in the Water or Wastewater industry could be for you!

Become a Water or Wastewater Professional!

Entry-level operators can earn more than \$50,000 in their first year.

**Fall Semester
2009**

Due to the overwhelming success of the Operator Training Program over the past two years, the four courses to be offered in the Fall 2009 Semester are already filled by students who have previously taken classes in the program and have seniority. A long Waiting List for these classes already exists.

You can receive updates and information on future classes that will start in January 2010 by submitting the following information to class@centralsan.org

- Full name
- E-mail address
- Mailing Address
- City, State and Zip
- Phone: Home and/or Cell

Solano Community College offers Water/Wastewater Operator Training classes at its Fairfield Campus. You will have to register at Solano and pay for these classes.

For more information, go to www.solano.edu and check their Fall 2009 schedule under "Wastewater."

Sacramento State University offers on-line courses for the Operation of Water & Wastewater Treatment Plants. Go to www.owp.csus.edu Click on Training/Courses/Wastewater for more information. Or call 916-278-6142. Enrollment fee is \$50 and books are \$49.00 plus tax.
